This spectacular move-in-ready home is fully updated and has been meticulously maintained by the current owner. Tropical landscape lushness and a huge front yard oak tree set the attraction to this Estate Home lifestyle. Soaring ceilings are adorned by large crown moldings and beautiful tile throughout the majority of the house is accompanied by hand-scraped wood plank flooring in the guest rooms. Enjoy the expansive kitchen with a center island and a massive 8' tall doored pantry. The Café dining area with a large seamless glass picture window overlooks the pool paradise. The adjoining living area with a glass block wall allows further natural sunlight and overlooks the covered patio area through glass French doors. The master suite opens with French glass doors into a covered patio adjoining the screened pool lanai. Two sink vanities in the large master bath are separated by a spacious frameless glass shower and roman soaking tub. Tall double doors with a large glass transom above open to the den area with built-in bookshelves and a window seat. The formal dining area offers a wall passthrough preparation service station.
